September 11, 2020

To Our Residents' Family Members:

No news continues to be good news for St. Joseph's! All residents and staff are negative for COVID-19. We are monitoring for signs and symptoms daily and testing staff weekly.

Residents are participating in activities individually with activities staff. They are listening to music, creating arts and crafts, solving puzzles, and watching movies. Residents are visiting our outdoor gardens together while maintaining social distance and wearing masks. We are all enjoying the weather as it cools off. Mass is held daily with residents attending, if they choose to, while following infection prevention protocols. We are doing everything we can to ensure that residents feel stimulated and purposeful.

Please keep an eye on our website as we continue to work on it to provide any new information about the facility, residents, and staff.

We will continue to provide you with the most updated information as it is available to us. Please call our center at 732-750-0077 with any questions or concerns about your loved one. We remain united in prayer.

Blessings,

Sr. Monika Aleksandrowicz, RN, DON
